Our focus is on your financial needs/stability/security during this crisis

Dear member,

We are still here to help you

You and your family may be worried about the coronavirus pandemic (COVID-19), but the leadership at Siskiyou Central Credit Union want you to know we are here for you as we always have been. Your deposits are safe and insured. We're not going anywhere, because at its core, our credit union is not a building or a business, its people unified for a common goal.

Your money is safe and insured

There are a lot of things to worry about these days, but the safety of your money in your credit union isn't one of them. Your money is safe, and your accounts are fully insured by the National Credit Union Share Insurance Fund (NCUSIF) up to \$250,000. There is no risk to keeping money in your account, but there are countless risks to holding cash.

COVID-19 has cancelled, postponed, and slowed down much of American life, but the nation's financial system operations are still strong. You can meet nearly all of your financial needs without leaving your home. If you do not have it on your mobile phone, now is a good time to download our app or to sign up for online access visit our [website](#). To pay your bills sign up for our bill-pay system or you have the ability to pay bills with your creditors using our debit card or account number.

If you've been impacted by this pandemic, our staff is dedicated to working with and helping you through these uncertain times. Now, more than ever, we are here to support our members.

Use caution and minimize social interaction

Health professionals say if you must leave your house use an abundance of caution and minimize social interactions. ATMs are a great option to access your cash. Our ATMs are located in Yreka at 845 4th Street, in Weed at 616 S. Weed Blvd. and Mt. Shasta at 214 E. Lake St. If you need to visit the credit union our new, temporary lobby hours are 10am-3pm, Monday-Friday.

We're here if you need any additional assistance

If you want to learn more about COVID-19, visit the [CDC's resource center](#) or our [state health department website](#). Please take care of yourself and those around you and do not hesitate to contact us for any assistance.
